

# President's AGM Report Dec 2020

SO this report marks the end to a year like never before, 2020 has definitely challenged us all in many different ways but we have survived to see the end of term 4.

We have recently had a very successful AGM via ZOOM and have been able to fill all committee positions for 2021 with generous and enthusiastic parents. I am honoured to be nominated as president for next year. I will be supported by Skye again as Vice president, Sally as secretary, Rachele will continue in her role as treasurer as well as purchasing officer, Sharnee will join us as payroll officer and Yvonne will again manage our enrolments, all in our executive committee.

Our general committee welcomes Barbara and Ellen to Policies and procedures officer and as Accounts Officer respectively. Dean will be returning in his role as Maintenance Co-Ordinator for a 4<sup>th</sup> consecutive year, Alice and Georgina have volunteered for fundraising. Vicki will again be in her same role as communications coordinator and Lisa will continue her wonderful work as uniforms coordinator. Seb will continue in his same role again supporting dean with kinder maintenance. Brooke will take up her role again as book club coordinator, and Erin will join us as grants coordinator. I am very excited for a wonderful year next year and look forward to working with you all.

Next year will also be our first year in 19 that we will not have Shar teaching our children. Shar has been a dedicated, passionate, and valued member of our kinder community from the moment she started here. I have been lucky enough to have 2 of my children taught by her and both attest to her being a fantastic, fun loving, bubbly teacher. As announced during our AGM, it is with much excitement and pleasure that we will be renaming the 3 year old room Shar's room at an official event later in the year to acknowledge her contribution to the children of our kinder and our kinder culture as a whole.

I am very happy to announce that we have found a wonderful teacher for the 3 year old group next year. Leah Cunningham is a very dedicated, bachelor qualified teacher with 12 years experience. She was very impressive during the interview process and I am excited for her to meet everyone at the upcoming information sessions.

We managed to organise a working bee last Saturday, only the second for the year. A great big thank you to everyone who was there generously giving their time and huge efforts. We got a lot done including finishing the turf surrounding the basketball ring. In the past week there has been a few notices regarding fundraising opportunities organised by Ayla. As we have not been able to do any fundraising so far this year I encourage everyone to get involved. I believe you can never have too many cherries, or too much wine and cake for at Christmas time.

Thank you for all your support and amazing resilience this year, we should be enormously proud of our community.

Steph Krivohlavy
